Dear Publisher:

Enclosed is the royalty payment for the use of your publication(s) in our microfilm collections. The royalties have been computed based on the microfilm subscriptions sold. The attached statement summarizes the calculations for the third quarter of 1986.

IAC helps, as a publisher, to repackage your data and resell it via our information products. This process is accomplished for the publisher without bearing the cost of such technology. We are continuously working to expand the marketing and coverage of our information products. Such exposure increases the shelf life of your publication(s).

We appreciate your continued participation in our information venture. You probably do not recognize my name from previous correspondence. I am your new contact person, therefore should you have any questions, please feel free to contact me. I can be reached at 800/227-8431.

Sincerely,

Jinna Gibson
